Skills

TECHNICAL SKILLS

- Adobe Photoshop
- Adobe Illustrator
- Adobe After Effects
- Canva
- Digital Art & Illustration
- Branding & Visual Identity Design

About Me

Creative and motivated Information Technology undergraduate specializing in Interactive Media at SLIIT, with a passion for Software Development, UI/UX Design, and digital creativity. Experienced in developing web applications, mobile applications, and VR projects while creating user-centered and visually engaging digital experiences. With a strong artistic mindset and attention to detail, I enjoy combining technology and design to build functional, innovative, and impactful solutions.

Projects

Online Barber Booking Mobile Application

- Designed and developed a mobile barber booking application using Android Studio and Kotlin.
- Implemented user registration, appointment booking, and booking management features.
- Created intuitive UI screens with a smooth and user-friendly experience.
- Integrated SQLite for data management.
- Applied modern mobile UI/UX design principles for better usability.

Hospital Management System

- Designed and developed a Hospital Management System using Java, JSP, Servlets, and MySQL.
- Implemented CRUD functionality for patient and doctor management.
- Developed secure database connectivity and user-friendly interfaces.
- Applied MVC architecture to improve code organization and maintainability.
- Tested and debugged the system to ensure reliable performance.

Online Vehicle Booking System (Group Project)

- Collaborated in the development of an online vehicle booking system using the MERN stack (MongoDB, Express.js, React, and Node.js).
- Designed UI/UX layouts and user-friendly interfaces using modern design principles.
- Created wireframes and responsive screen designs to improve user experience.
- Worked closely with team members to ensure consistent and intuitive application flow.
- Contributed to frontend design and usability testing throughout the development process.

Smart Refrigerator UX Design Project (Group Project)

- Conducted user research and identified user needs for a smart refrigerator solution.
- Designed user flows, wireframes, and high-fidelity UI prototypes using Figma.
- Developed a physical prototype (mock-up) to demonstrate the product concept and user interactions.
- Applied user-centered design principles to improve usability, accessibility, and overall user experience.
- Collaborated with team members throughout the design, prototyping, and evaluation process.

- Kotlin, Python, C++, JavaScript
- HTML, CSS, React JS, Node.js, Express.js
- MongoDB, MySQL, JSP, Servlets
- Android Studio, Unity, C#, Processing
- Figma, UI/UX Design, Wireframing, Prototyping
- Blender, Git & GitHub

SOFT SKILLS

- Creativity
- Problem Solving
- Team Collaboration
- Communication Skills
- Adaptability
- Time Management
- Attention to Detail
- Critical Thinking
- Fast Learning Ability

LANGUAGES

- English
- Sinhala

Jonty Clothing Brand Digital Marketing Project (Group Project)

- Planned and executed digital marketing strategies for a clothing brand.
- Designed promotional content and social media marketing materials.
- Conducted audience research and developed content marketing strategies.
- Collaborated with team members to improve brand awareness and engagement.
- Supported branding activities through creative visual content.

Work Experience

2022 – 2023	Graphic Designer Banty Printing Shop
	• Designed creative graphics, promotional materials, and print-ready designs according to client requirements. • Created posters, flyers, banners, business cards, and other visual content using graphic design tools.
2025 – 2026	Digital Marketing Assistant DM Auto Spare Parts
	• Managed social media platforms and created digital content to improve brand visibility. • Designed promotional posts, product advertisements, and marketing materials for online platforms. • Planned and scheduled social media content to increase customer engagement.
2026	Graphic Designer (Poster Design) Jonty SL (Pvt) Ltd
	• Designed promotional posters and digital marketing materials for the Jonty Clothing brand. • Created visually appealing designs by applying typography, color theory, and branding principles.
